**NON-COMPLIANCE SUMMARY**

Date of Noncompliance

February 9, 2018

Nature of Noncompliance

Driving Under the Influence, Speeding, No Insurance, Improper Lane Travel,  
Faulty Equipment

**Proposed Controlling Interventions:**

**Increased drug/alcohol testing and intensify supervision.**

**Proposed Correcting Interventions:**

**Attend and successfully complete Moral Recognition Therapy at the United States Probation Office.**

**Justification:**

Mr. Scanlon voluntarily reported being arrested on the above listed allegations and has an arraignment/pretrial hearing scheduled in the Davis County Justice Court on April 18, 2018. He contributes the incident to extreme fatigue and stress. He denies he had consumed alcohol or illicit substances prior to the incident. He states he had taken Adderall, which he has a valid prescription for. According to the arrest report, the defendant submitted to a breathalyzer on scene, which produced negative results. The results of a blood draw are pending. No alcohol or illicit substances were found in his vehicle. This is the first incident of noncompliance during the 13 months he has been under supervision. The defendant appears to be motivated and willing to abide by Court orders and recommendations of U.S. Probation at this time. The state court proceedings will be monitored closely by the probation officer and should he found guilty, he will be required to abide by sanctions imposed by the state court.

Stephen Brian Scanlon has been advised that continued noncompliance will result in further sanctions and/or the Court being petitioned to revoke his term of supervision.
